

Access Swiss biotech investment and partnering opportunities

Our seamless 24/7 platform, is **free of charge**, designed to match partners based on shared interests, objectives, and preferences. Connect with the right partner effortlessly, and save valuable time as the comprehensive database creates transparency and provides consistent information to all stakeholders. Swiss biotech companies, global biotech investors and industry partners alike benefit from Swiss Biotech Ventures.

Unlock investment and partnership potential with Swiss Biotech Ventures – your gateway to Swiss R&D biotech opportunities or contact us: ventures@swissbiotech.org

Powered by

Present your investment and partnership opportunities to global biotech investors and international industry partners

Thanks to the Swiss Biotech Ventures platform we were able to enter into advanced discussions with new investors for our seed round, which helped us in raising CHF 3.5 million.

Clélia Bourgoint, PhD, CEO at FluoSphera, Geneva

Swiss Biotech Ventures offers **INVESTORS** a powerful tool to screen and identify promising investment opportunities. It provides structured insights into private and public Swiss biotech companies, also helping them prepare for meetings at key industry events like the Swiss Biotech Day.

In-licensing is crucial for **INDUSTRY PARTNERS** to drive pipeline growth. Swiss Biotech Ventures facilitates the scouting and evaluation process by matching partnering opportunities based on development stages, modalities, and therapeutic focus areas.
